

1200 kW container power generation

Overview

Our 1200kW Cummins natural gas generator housed in a rainproof container, offering high efficiency and reliability for industrial power needs. Ideal for applications requiring robust and weather-resistant power solutions. All gas engines are designed and developed in conjunction with EN Company according to the use of various combustible gases. The. Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers. From backup power solutions to a high-performance industrial diesel generator, our experts will help you find, implement, and manage low-emission power wherever you need it. Typical specs: 1200 kW prime or standby ratings, 50 or 60 Hz, 1500 or 1800 rpm, 400 to 480 V, parallel-ready switchgear, ATS.
