

30kW Energy Storage Container for Highways

**Efficient
Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPP Trackers, 150% DC Input Oversizing
- Max. PV Input Current 16A, Compatible with High Power Modules

**Intelligent
Simple O&M**

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

**Flexible
Abundant Configuration**

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCI Function (Optional): when an arc-fault is detected the inverter immediately stops operation

Overview

An integrated, modular energy storage solution featuring lithium iron phosphate batteries, BMS, PCS, EMS, and fire protection. Designed to reduce electricity costs for commercial and industrial applications with flexible deployment. ESS HV 30KW+66KWH | High-Voltage Energy Storage. Certified energy storage system with EMS, CE, IEC62019, IEC62477, IEC61000, and EN50549 certifications, built-in inverter space, Designed for flexible commercial and industrial use. Charging/Discharging Current Max. Charging/Discharging Current AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands. They are less prone to overheating and thermal runaway, making them a safer choice compared to some other lithium-ion chemistries.

30kW Energy Storage Container for Highways

Container Energy Storage System

A high-capacity, high-safety, long-life lithium-ion battery for energy storage developed based on more than ten years of core intellectual property and technology accumulation in lithium iron phosphate ...

30kW All-in-One Commercial & Industrial Energy Storage System

This 30kW all-in-one commercial and industrial energy storage system integrates lithium batteries, inverter, and intelligent energy management into a single compact unit for stable, reliable operation.

[Get Price](#)

ESS 30KW 30KWH Energy Storage System

Built with the latest in lithium battery manufacturing technology, the ESS 30KW 30KWH system is compact and highly efficient, providing a long lifecycle with minimal maintenance requirements.
