

40 feet energy storage box style and price

Overview

40HC containerised battery energy storage system with 7. Designed for peak shaving, price arbitrage, grid balancing, energy trading, frequency regulation, and data centre applications. Industrial-grade solution for utility-scale energy management. in 40ft Containers. \$774,800 Solar Compatible! 10 Year Factory Warranty 20 Year Design Life The energy storage system is essentially a straightforward plug-and-play system which consists of a lithium LiFePO4 battery pack, a lithium solar charge controller, and an inverter for the voltage. The flagship model offers a powerful 150kW PV array and 430kWh of energy storage. Built in a 40ft High Cube foldable container, this all-in-one portable system is tailored for long-term off-grid operations requiring ultra-high capacity and energy security. It is equipped with battery room, transformer. Individual pricing for large scale projects and wholesale demands is available. Charge/Discharge power The container system is equipped with 2 HVACs the middle area is the cold zone, the two side area near the door are hot zone.
