

580w high-efficiency monocrystalline solar panel

Efficient Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPP Trackers, 150% DC Input Oversizing
- Max. PV Input Current 16A, Compatible with High Power Modules

Intelligent Simple O&M

- IP66 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

Flexible Abundant Configuration

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCI Function (Optional): when an arc-fault is detected the inverter immediately stops operation

Overview

With an impressive power output of 580W and an efficiency of 21.5%, this panel provides excellent energy generation even in low-light conditions. It features 144 half-cut cells and utilizes Hybrid Passivated Back Contact (HPBC) technology, improving light absorption and reducing. The LONGi LR5-72HTD-580M is a high-efficiency monocrystalline solar panel, part of the Hi-MO 6 Explorer series, offering superior performance for large-scale residential and commercial solar installations. JET Solar Panel 580W High Efficiency is a high-performance photovoltaic module designed to deliver exceptional energy output for both residential and commercial applications. Whether you're powering a home, business, or large-scale utility project, these high-performance panels can become your best choice. Engineered for high-efficiency solar generation, the Fe Faith SolisEdge™ 580W N-Type Mono PERC Panel combines cutting-edge half-cut cell and multi-busbar technology to deliver superior performance. By reducing internal power loss by up to 75%, this panel offers exceptional reliability and power. Jinko 580w solar panel (monocrystalline) are among the best in the market, with high efficiency and durability.

580w high-efficiency monocrystalline solar panel

Rich Solar MEGA 580W Bifacial Monocrystalline Solar Panels, Pallet ...

Rich Solar designed these 580W bifacial solar panels with monocrystalline N-type TOPCon cells which increase efficiency by absorbing more light and containing unabsorbed light.
