

Abu Dhabi solar integrated energy storage cabinet high temperature resistance cooperation

Overview

Chinese battery giant CATL and Masdar, the UAE's flagship renewable energy company, have announced a landmark partnership to develop the world's largest solar and battery energy storage system (BESS) project in Abu Dhabi. Masdar and Emirates Water and Electricity Co. (EWEC) plan to build a \$6 billion, 5 GW/19 GWh solar-plus-storage project in Abu Dhabi, with operations set to start by 2027. The collaboration, unveiled on January 17, represents a transformative step. From 2-5 November in Abu Dhabi, ADIPEC 2026 will examine how the global energy system is adapting to an era of energy addition. Through its conferences and exhibition, ADIPEC advances practical cross-sector solutions that strengthen resilience, scale investment, modernise infrastructure and drive. The energy produced by Al Dhafra powers over 160,000 households in the UAE.

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Innovative solutions for a sustainable energy

Our role includes enacting policies and regulations and developing strategies to ensure an effective energy transition in the Emirate of Abu Dhabi.
