

# American Energy Storage Control System

## Overview

---

Born out of an exciting strategic spin-out from American Battery Solutions, Inc. (ABS), AESI was created to tackle one of the most critical challenges of our time: ensuring reliable, flexible and sustainable energy storage to power the clean energy future. American Energy Storage Innovations (AESI) designs, manufactures and supports energy storage products that will meet and exceed the needs of grid energy storage, deployment, operation and energy management for the next 20 years. The first battery, Volta's cell, was developed in 1800. Government nor any agency thereof, nor any of their employees, makes any warranty, expressed or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness, of any information, apparatus, product, or. Battery Energy Storage Systems, or BESS, help stabilize electrical grids by providing steady power flow despite fluctuations from inconsistent generation of renewable energy sources and other disruptions. While BESS technology is designed to bolster grid reliability, lithium battery fires at some. The move enables strategic growth of ABS' Mobility and ESS businesses with better alignment to market. Lake Orion, Michigan - Septem- American Battery Solutions (ABS) announced today the spinout of its Energy Storage Solutions Division to create a new, independent company: American. Energy management systems (EMSs) are required to utilize energy storage effectively and safely as a flexible grid asset that can provide multiple grid services. An EMS needs to be able to accommodate a variety of use cases and regulatory environments.

## American Energy Storage Control System

---

**Battery String-S224**

- 1C Charge/Discharge
- Easy configuration and maintenance
- Power supply can be single battery string or parallel battery strings

### American Battery Solutions, Inc. Spins Out ESS Division

AESI will design, build and sell stationary storage systems for grid, distributed energy and vehicle charging systems.
