

# Barbados Huijue Energy Storage Solar Energy

## Overview

---

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, and eco-friendliness. Barbados, a Caribbean island with 300+ days of annual sunshine, paradoxically relies on imported fossil fuels for 85% of its energy needs. The government's 2021 pledge to become the world's first fossil-fuel-free island nation now faces urgent economic pressures. With global oil prices fluctuating. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. Barbados is a step closer to launching its first procurement project for Battery Energy Storage Systems to support the grid and unlock stalled Solar PV connections. The Ministry of Energy and Business is currently hosting a three-day Procurement Design Workshop with key stakeholders to discuss and. A \$350 million hybrid renewable energy power plant is scheduled to be constructed in Barbados. It will be the largest, most advanced facility in the area, as BioEnergy Times reported.
