

Base station power settings

Overview

You can access System Settings via your Keypad's menu, SimpliSafe® Mobile App, or SimpliSafe® Online Account. To change the settings for specific devices, please visit our Device and Sensor. I've been using the SteamVR device power saving option and been putting my 2x 2.0 base stations to sleep after SteamVR shutdown for 1.5 years now without any problems. You can set up a base station in different ways depending on the application, coverage area, degree of permanence versus mobility, and available infrastructure. Originally posted by skabbo: I came to the forums. Power management is a critical aspect of modern communication infrastructure, especially for TETRA (Terrestrial Trunked Radio) base stations. To minimize potential tracking issues in your environment, start.
