

Bulgaria s new solar panel manufacturer

Overview

PPC Group will expand its renewable energy portfolio in Bulgaria with the addition of a new 88MW solar park. The facility, under construction in central Bulgaria, is being developed by Chint Green Energy, a subsidiary of Chint Group, which also owns the solar panel manufacturer. Commencement of construction of a new photovoltaic plant in Stara Zagora- Bulgaria, with a total capacity of 165 MWp and a Battery Energy Storage System (BESS) with a nominal capacity of 25 MW and 55 MWh storage capacity. 260,000 bifacial photovoltaic panels with an expected annual power. Energy Development GmbH (“Energy”) and OMV Petrom S. (“OMV Petrom”) are pleased to announce the establishment of a 50-50% joint venture to build and operate the Gabare photovoltaic (PV) project, one of the largest integrated solar and battery storage projects in Southeast Europe. The project. Bulgaria's solar energy sector is experiencing significant growth, driven by EU decarbonization goals, rising energy prices, and abundant sunshine. The country aims to increase the share of renewables in its energy mix to over 25% by the end of the decade, creating substantial opportunities for. After Solar Panel Ltd announced plans for a 200 MW module factory in Bulgaria in March 2024, the country has received interest from a Turkish company to set up a solar cell and module factory. (Illustrative Photo; Photo Credit: IM Imagery/Shutterstock. With a total installed capacity of about 5 GWp, the company offers comprehensive solutions, including PV design engineering and utility-scale energy storage. Crane Ltd is specialized in developing, producing, delivery, assembly and maintenance/servicing of mono-crystalline and polycrystalline photovoltaic modules and solar applications.
