

Bulk Procurement of Corrosion-Resistant Folding Containers

Overview

The adoption of collapsible rigid bulk containers (CRBCs) is surging across industries due to their ability to reduce operational costs and improve supply chain efficiency. One critical driver is the demand for lightweight, space-saving solutions in global logistics. These containers are made of high-density polyethylene (HDPE), a durable material that will protect your products throughout the duration of the container's life. DuraGreen® collapsible. ORBIS is a subsidiary of Menasha Corporation Learn More ORBIS offers a range of bulk containers, including collapsible options, designed to protect products during storage and distribution for various industries. Capabilities include wire forming and robotic or manual welding. These drums withstand impacts, will not dent or break, and are used.
