

Burkina faso cabinet energy storage system plant

**200kWh
Battery Cluster**

Overview

A solar-powered cabinet in Ouagadougou that can power 200 households during blackouts while making coffee for local engineers. Okay, maybe not the coffee part – but Burkina Faso's cabinet-style energy storage cabins are proving you can teach an old grid new tricks. It includes an option to expand the connection to 1,200MW. 4 MW, including 220 MW of imported power, the new solar power plant will play a vital role in reducing reliance on external sources.
