

Can I start a photovoltaic panel business

Overview

It's here to show you what it really takes to start a solar panel business. If you're ready to learn, plan, and commit, it's absolutely doable. Of course, there's much more to solar installation than slapping up panels: there's general contracting, roofing, metal fabrication, sales, repair and maintenance, consultation, landscape design, and so much. Here's the truth: The solar technology market is promising, but it's also a skilled trade. This guide won't sugarcoat things or scare you off. By. The business potential for a solar panel installation business is significant, especially in regions with strong sunlight and supportive government incentives.
