

Capital clean electricity

Overview

CleanCapital develops, constructs, owns and operates, and invests in solar and energy storage projects that put more clean megawatts on the grid, helping to meet energy demands and establish American energy dominance. CCEC currently owns 14 high specification vessels, including 12 latest generation LNG carriers (LNG/Cs) and two legacy Neo-Panamax container. With one of the youngest and most technologically advanced fleets in the world, the US-listed shipping company is capitalizing on the explosive rise of American LNG. CCEC CEO Gerasimos Kalogiratos talks to To Vima about the historic transformation his company is now completing, and explains why. ATHENS, Greece, Jan. 22, 2026 (GLOBE NEWSWIRE) -- Capital Clean Energy Carriers Corp. (NASDAQ: CCEC) today announced that its board of directors has declared a cash dividend per share of \$0.15 for the fourth quarter of 2025 ended Decem.
