

Changlianggou Wind Power Generation

Overview

Shanxi Xinzhou Yuanping Changlianggou Phase II Wind Farm is a 100MW onshore wind power project. It is planned in Shanxi, China. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently at the permitting stage. It will be developed in a single. Recently, energy-saving wind power has signed investment agreements for wind power projects with Liaoning, Shanxi, and Inner Mongolia, totaling 1300MW. The map below shows the approximate location of the wind farm: . Update for this sheet: 13 September 2022 Complete/correct this sheet: . An aerial drone photo taken on shows an offshore wind farm near the coast of Yancheng, East China's Jiangsu province.
