

Chile s new solar container battery container

SMART GRID & HOME

Overview

The facility will combine 41 MW of solar PV with a 360 MWh battery energy storage system (BESS) and represents a planned investment of USD 40 million. Located in Mariposa Elena commune, in the Atacama Region, Terano Energy has secured environmental approval to develop and operate the Catalina del Verano solar-plus-storage project in Rancagua, in Chile's O'Higgins region, located some 100 kilometers south of Santiago. The context: The South American nation's brisk shift to clean electricity was sparked by staunch community opposition to traditional power projects. That prompted. During the Energy Storage Summit Latin America (ESS LatAm) in October 2024, Ana Lía Rojas, executive director at the Chilean renewable energy and energy storage association (ACERA), explained how the current levels of curtailment in Chile, which could end up at approximately 5TWh in 2024, could. Three utility scale battery energy storage projects co-located with solar plants were announced last week in Chile. From pv magazine EES News site. In a landmark event held in the Region of Antofagasta, Chilean President Gabriel Boric led the inauguration of the BESS Coya, Latin America's largest solar battery storage system.
