

Corrosion-resistant Middle Eastern battery cabinets for hospitals

Overview

SPILLDOC® UAE, specializes in providing a comprehensive range of spill control and containment products across Middle Eastern countries. Our offerings encompass a wide array of solutions, including but not limited to hazardous goods storage, safety showers and eyewashes. Explosion-proof battery cabinets are used for the daily storage and charging of hazardous batteries, equipped with leakage protection and ventilation cooling functions, and can be charged inside the cabinet. What keeps us ahead of our competitors is the weatherproof materials that we use coupled with. From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and safety standards. As the popularity of these batteries continues to rise due to their use in everything from electric vehicle [Read more](#).
