

# Corrosion-resistant photovoltaic integrated energy storage cabinet for base stations

## Overview

---

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. This outdoor 19-inch battery cabinet is engineered for telecom base stations, solar energy storage systems, and various outdoor power applications. An outdoor enclosure cabinet serves as the primary protection interface between environmental exposure. Huijue HJ-GCY series solar-storage integrated energy-saving cabinet is an outdoor integrated cabinet made of high-quality metal plate materials, which can integrate solar photovoltaic panels and intelligent multi-input hybrid power systems (supporting photovoltaics, mains power, diesel generators. These cabinets are ideal for outdoor base stations in remote, mountainous, or desert regions, especially where grid power is absent, unstable, or costly. These cabinets are ideal for outdoor.

## Corrosion-resistant photovoltaic integrated energy storage cabinet

### Outdoor Photovoltaic Energy Cabinet

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...
