

Cost of 20kW outdoor telecom cabinet for Australian base stations

Overview

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. In the following article, I'll walk you through typical cost ranges for base station cabinets, including related types of battery cabinets and outdoor telecom cabinets; what influences higher or lower prices; and how one can estimate a realistic budget for their project. The Delta Outdoor series offers several size options, ensuring right dimensions for telecom equipment. A flexible configuration is the way to tailor. Telecom cabinets serve as essential enclosures for safeguarding telecommunication equipment from environmental threats like dust and moisture. Precision sheet metal fabrication meets IP66 & NEMA 4X standards.
