

# Cylindrical height 55 cm solar energy storage cabinet lithium battery

## Overview

---

are generally not interchangeable with using a different chemistry, due to their higher voltage. Many are also available with that can increase their physical length; for example, an 18650 is around 65 mm (2.56 in) long, but may be around 68 mm (2.68 in) long with a protection circuit. Some such circuits increase cell diameter instead. The increased.
