

Dominica Battery Energy Storage Plan

Overview

This project, completed in February 2025, enhances grid reliability and resilience by providing immediate backup power and frequency regulation. □
Client: DOMLEC □□ Sponsors: Masdar, UAE Ministry of Foreign Affairs, and Abu Dhabi Fund for Development ✗ Technology: Li-ion Battery. Dominica is taking a pragmatic step towards energy security and sustainable development, aligning with the global shift towards decarbonisation and infrastructure modernisation. The commissioning of a 6 MW / 6 MWh Battery Energy Storage System (BESS), installed at the DOMLEC facility in the Fond. From Wednesday 30th April to Sunday 4th May 2025, Dominica Electricity Services Ltd. Smart Energy staff stand in front of BESS system at DOMLEC's Fond Colé. Construction has started on the first major solar-plus-storage project in the Dominican.
