

Dominican Outdoor Solar Electricity System

Overview

Summary: The Dominican Republic is prioritizing outdoor power supply upgrades to boost grid resilience and renewable integration. This article explores innovative strategies, case studies, and EK SOLAR's expertise in delivering sustainable energy solutions for commercial and industrial sectors. Discover how solar-compatible systems are reshaping energy accessibility across the Caribbean. Why. On 2022, DOMINION completed the commissioning of El Soco photovoltaic solar park in the municipality of Consuelo, Dominican Republic. Towards this goal is the construction of a 11.44 MWp solar PV plant in Santo Domingo Este.
