warranty

Overview

EK photovoltaic micro-station energy cabinet is an integrated intelligent energy storage device designed for distributed energy scenarios, providing 10-50kWh multiple capacity options (models: EK-Micro-10 to EK-Micro-50). As Ecuador accelerates its renewable energy adoption, photovoltaic energy storage cabinets have become the backbone of solar projects across residential, commercial, and industrial sectors. We provide customized options and support for local partners. The local control. With high solar irradiance levels ranging from 4.5 kWh/m²/day, Ecuador offers ideal conditions for deploying solar panel battery systems, both off-grid and hybrid, across diverse environments—from the Andes to the Amazon to the Pacific coast.
