

Electric vehicle incentives lilongwe

Overview

Importing an electric vehicle (EV) into Malawi has become much easier and cheaper in 2025. Lower VAT: VAT on EVs is reduced to 8% (down from 16). With a focus on affordability and convenience, the platform offers a wide range of EVs from global brands like Tesla, BYD, and Hyundai. Buyers can take advantage of Malawi's 2025 tax incentives, including 0% import.

Lilongwe, 19 August 2024: The United Nations Development Programme (UNDP) in Malawi today launched an electric vehicle (EV) as part of its Greening Moonshot initiative, marking a significant step in aligning with the Moonshot 2030 targets for a 50% reduction in vehicle greenhouse gas emissions.

Stakeholders at the second E-Mobility Conference in Lilongwe have stressed the need for Malawi to accelerate the adoption of electric vehicles (EVs), citing their potential to reduce foreign exchange spent on fuel imports. Figures presented at the conference on Wednesday showed, Malawi spends over. Beyond tax reductions, governments can offer financial incentives such as subsidies or grants for EV purchases. These can be particularly effective in encouraging the adoption of electric motorcycles and small commercial vehicles, which are vital for the continent's logistics and transport sectors.
