

European photovoltaic glass panel manufacturers

Overview

The EU Solar Manufacturing map gives an overview of solar manufacturing companies active along the solar PV chain. Our development and flexible OEM manufacturing capabilities allow us to create one-of-a-kind design, custom-shaped and sized solar solutions for seamless integration for BIPV projects and IntegratedPV products. Since 2017, SoliTek has been a leading European manufacturer of state-of-the-art Glass-Glass Bifacial Solar Modules. These modules represent a significant technological advance and set new standards in durability, safety, and sustainability. 30-Year Product Warranty: One of the longest warranties. The European solar market is experiencing unprecedented growth, with installations projected to reach 87GW annually by 2025. Furthermore, the map includes equipment.
