## A data-driven approach to investigate the impact of air temperature ...

This result is likely due to the fact that natural gas combustion generators in hot and arid regions often utilize inlet air cooling technologies to reduce the temperature of ambient air before it ...

## Air-cooled generator inlet temperature

A generator typically needs 35-40% oversizing of the incoming air based on the internal generator inlet air temperature being ambient +20 degrees Celsius. For typical 32 degrees Celsius water, there is no ...

## Effect of Ambient Temperature on the Performance of Gas ...

Mohanty [5] presented that by increasing the inlet air temperature from the ISO-rated condition to a temperature of 30°C, would result in a 10 percent decrease in the net power output. ...
