

Gitega environmental sustainability

**200kWh
Battery Cluster**

Overview

As the second-largest city in Burundi, Gitega is increasingly focusing on sustainability and green initiatives. This comprehensive guide delves into the various aspects of these efforts, which encompass agricultural practices, urban planning, waste management, and energy use. The drive towards. According to Global Forest Watch (GFW), Burundi lost around 38,000 hectares of trees and forest area between 2001 and 2024 - mostly without compensation through reforestation. They run awareness campaigns for climate change and pressurize governments to adopt policies for reducing carbon emissions. In 2018, he initiated a trash management program in Gitega city. From that initiative, he birthed the idea of creating JENI-ECO Company to fight plastic. In the framework of the project "Green Future: Sustainable Climate Protection Project in Burundi", the local project partner and AKI e. The primary aim of these clubs is to foster community.
