

# High Temperature Resistant Photovoltaic Battery Cabinet for Data Centers IP65 Type

## Overview

---

KDST provides high-performance battery energy storage cabinet solutions, specially designed for key applications such as telecom base stations, industrial control, and power systems. We. -Yes, AZE specializes in NEMA 3R, 4, 4X, IP55, and IP65 rated outdoor enclosures designed to protect your equipment in harsh environments. Our enclosures are built to withstand rain, dust, corrosion, and extreme temperatures, making them ideal for telecommunications, utilities, oil & gas, and. The global renewable energy market is experiencing rapid growth, with solar farms leading the expansion. Modern solar installations are no longer just arrays of photovoltaic (PV) panels; they are complex systems that require robust electrical enclosures to protect sensitive equipment and ensure. The IP65 Rating classification represents the highest level of protection in standard outdoor enclosure designs, offering complete protection against dust ingress and resistance to low-pressure water jets from any direction.
