

High quality 5kW solar system in durban

Overview

At Solar Pack SA, we specialize in supplying and installing top-quality 5kW solar systems, including hybrid and off-grid solutions, designed to meet South African energy needs and handle load shedding with ease. 5kW is the sweet spot for South African homes. It provides meaningful backup during load shedding, significantly reduces your Eskom bill, and handles most household appliances. It's the most commonly installed residential. Solar power is energy generated from the sun in the form of electric or thermal energy. The Deye 5kW hybrid package is ideal for a 2 Bedroom, 1 bathroom home, providing steady power to lights, geyser, stove, tv and plugs. An estimate of 2 to 3 hours on the 5kW backup battery, to 16 hours on the 20kW battery.
