

# High-temperature resistant energy storage cabinet for highways

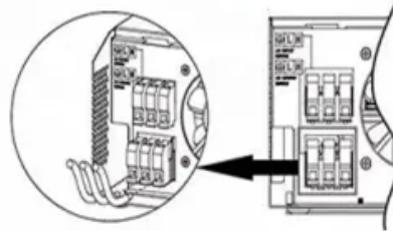

**Parallel** (Parallel operation up to 6 unit (only with battery connected))

**AC input wires**

**AC output wires**

## Overview

---

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC-compliant energy storage systems designed for renewable integration, peak. Discover AZE's advanced All-in-One Energy Storage Cabinet and BESS Cabinets - modular, scalable, and safe energy storage solutions. One energy storage cabinet consists of inverter modules, battery modules, cloud EMS system, fire suppression system, and air-conditioning system, which can be installed both indoors and outdoors.

## High-temperature resistant energy storage cabinet for highways

### Energy Storage Enclosures/Cabinets , Modular Design to Meet ...

To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements. This ensures that energy storage cabinets maintain excellent ...
