

Hot-dip galvanized photovoltaic bracket production and supply

Overview

SteelPRO Group is a manufacturer of high-quality galvanized steel photovoltaic racking, providing reliable, durable and efficient photovoltaic support solutions tailored to your needs. Our products comply with international standards such as ISO 1461 and ASTM A123, ensuring excellent corrosion. Our self-developed independent single-row tracking bracket 1P system can adapt to 20% slopes on north and south slopes, remains close to the ground, and has strong wind resistance. Recent data from the 2023 Gartner Emerging Tech Report shows that 23% of solar farm underperformance traces back to substandard mounting hardware. How can the galvanisation sector reduce its.
