

How much money will be lost in the photovoltaic panel scam

Overview

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim you'll get a check in the mail just for installing panels on your roof. While there are some government-funded solar. Solar panel fraud has become a growing concern in the United States, leaving many homeowners stuck with hidden fees, inflated energy bills, and contracts they never fully understood. As more families consider solar energy improvements, dishonest companies exploit the fine print in solar panel. In the worst cases, homeowners have been left making payments on overpriced systems that don't work, with little to no support from the installation company that put the panels on their roof. Solar panels are a great way to invest in your home and eventually reduce your power bills.
