

# Huawei outdoor power supply with solar energy

## Overview

---

It includes a power module with inverter and a high-capacity lithium-iron phosphate battery and is compatible with either or both off-grid PV Solar or on-grid mains power supply all fitted in a compact IP65 enclosure suitable for indoor or outdoor installations. HUAWEI FusionSolar advocates green power generation and reduces carbon emissions. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. It builds a product ecosystem centered on solar inverters, charge controllers, and energy. Let's explore Huawei's super large outdoor power supply solutions and their critical role across multiple sectors. The all-in-one system supports multiple input (grid/PV/genset) and output (12/24/48/57 V DC, 24/36/220 V AC) modes. One cabinet is able to suit current needs and expand as required by ICT convergence and network evolution.
