

Hungary energy storage power station manufacturer

Overview

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. It is the latest example in a series. With a nominal output of 40 MW and a storage capacity of 80 MWh, the facility marks the latest in a series of energy storage investments by MET Group across Europe. This milestone marks a significant step in our European expansion, reinforcing our commitment to innovation, sustainability, and energy efficiency.
