

Hydrogen energy site

Overview

Hydrogen Central is your source of news and market intelligence on the Hydrogen industry. Department of Energy Hydrogen Program, led by the Hydrogen and Fuel Cell Technologies Office (HFTO) within the Office of Energy Efficiency and Renewable Energy (EERE), conducts research and development in hydrogen production, delivery, infrastructure, storage, fuel cells, and multiple end. There's no climate solution without clean hydrogen. And there's no clean hydrogen without action. Explore key findings from the Global Hydrogen Compass 2025 report, a new flagship publication that combines comprehensive industry data with proprietary insights from Hydrogen Council. Hydrogen energy is emerging as a key clean fuel in the global move towards sustainability, offering the potential to decarbonise industries, transport and energy systems. 1000k Range - FAW TRUCKS Begins Liquid Hydrogen Truck Trials in China Panzhihua, China, Jan. SK Plug Hyverse. Cummins' decision to stop pursuing new electrolyser projects, after taking \$458m in hydrogen-related charges, has added to growing questions about the near-term trajectory of the hydrogen sector.
