

IP54 High Temperature Resistant Outdoor Cabinet for Subways

Overview

Engineered for harsh climates and demanding workloads, our outdoor battery storage cabinet delivers scalable LiFePO₄ energy storage in a rugged IP54-rated enclosure. The IP54 Rating classification defines outdoor enclosures that are protected against limited dust ingress and water splashes from any direction. Enclosures under this rating offer balanced protection suitable for semi-outdoor, sheltered, or mild climate environments, ensuring reliable operation of. Our Vanguard® outdoor weatherproof IP Rated (IP54 to IP65) enclosures offer a modular product range in multi bay, multi height and multi depth options, with the flexibility to house a broad range of equipment in a variety of industry standard mounting formats. International Protection (IP) standards are used to designate the protective capacity of an electrical enclosure.
