Gyeongsan Substation - Battery Energy Storage System  
 Nongong Substation Energy Storage System  
 Ulsan Substation Energy Storage System  
 Uiryeong Substation - Bess  
 The Ulsan Substation Energy Storage System is a 32,000kW lithium-ion battery energy storage project located in Namgu, Ulsan, South Korea. The rated storage capacity of the project is 8,000kWh. The electro-chemical battery storage project uses lithium-ion battery storage technology. The project was announced in 2016 and will be commissioned in 2017 .See more on power-technology The World Bank
