

# Is Vietnam s liquid-cooled energy storage reliable

## Overview

---

It offers a high-density, scalable, and reliable storage platform that ensures enhanced safety and efficiency compared to traditional air-cooled systems. HANOI, Vietnam - LIVOLTEK has officially announced the commissioning of its first liquid-cooled Battery Energy Storage System (BESS) project in Vietnam. This landmark installation represents a significant step in providing advanced, large-scale energy storage solutions to the Vietnamese industrial. Hanoi, J- Amid a strong energy transition and Viet Nam's efforts to fulfill its commitments toward achieving net-zero emissions by 2050, the research and deployment of Battery Energy Storage Systems (BESS), along with their integration with renewable energy solutions, have become an. The Liquid-cooled Energy Storage System Market, valued at 13. 02 billion in 2025, is expected to grow at a CAGR of 9. 59% from 2026 to 2033, reaching 22. This article explores its reliability, local applicability, and real-world data to help businesses and policymakers evaluate its potential.

## Is Vietnam s liquid-cooled energy storage reliable

### Is Liquid Cooling Energy Storage Reliable in Ho Chi Minh City Vietnam

Summary: Ho Chi Minh City's rapidly growing energy demands and tropical climate make liquid cooling energy storage a promising solution. This article explores its reliability, local applicability, and real...

Voltage range: 691.2-947.2V

>6000 cycles (100%DOD)

Rated battery capacity: 216KWH (customizable)

EMS communication: 4G/CAN/RS485

### Vietnam Energy Storage Machines: Powering the Future with Smart

Vietnam's energy storage machine market is more competitive than a pho-eating contest. Global giants like CATL and Samsung SDI control 76% of the liquid-cooled energy storage market [1], but local ...
