

# Is there any power supply for BESS outdoor base station in Hungary

## Overview

---

Installed by Switzerland-based MET Group, the project is powered by Tesla Megapack 2 units, supplied by Huawei Technologies' battery units, and built by Forest-Vill and follows a smaller 4 MW / 8 MWh pilot at the same site in 2022. To address these challenges, the development of battery energy storage systems (BESS) co-located with solar power plants (i. cable pooling) has become increasingly important. Until now, however, the co-located BESS systems have been under-regulated and the numerous divergent and grey-zone. "Hungary's BESS market is projected to grow at 14% CAGR through 2027, driven by EU clean energy targets. " - Central European Energy Report 2023 When evaluating providers, consider these factors: Scalability: Can the system grow with your energy needs?

In 2022, EK SOLAR deployed a 2.

## Is there any power supply for BESS outdoor base station in Hungary
