

Ivanpah Solar Power Station in the United States

Overview

The Ivanpah Solar Electric Generating System is a concentrated solar thermal plant located in the Mojave Desert at the base of Clark Mountain in California, across the state line from Primm, Nevada. 6 billion in total to finance Ivanpah, a 392-MW concentrating solar power (CSP) plant. It started commercial operations in January 2014 and Secretary Moniz participated in the dedication ceremony in February 2014. These towers then convert the sunlight into electricity.
