

Jin ao Solar Power Generation

Overview

The project is invested and constructed by Jing'ao Group, with a total investment of 10 billion yuan planned. JA Solar Technology Co. ('JA Solar') is a leading global supplier of photovoltaic ('PV') power generation solutions. Baofang Jin, the founder and chairman of the Board of the company, led the pioneering entry into the PV industry in 1996, with an initial focus on the silicon rod and. Jingke'ao Technology Co. is a professional and rapidly developing company. Jin Ao Technology news, the rooftop photovoltaic project of P4 long-term parking garage at Shanghai Pudong Airport, which was successfully grid-connected recently, adopts Jin Ao Technology's n-type DeepBlue 4. The mainstream TOPCon bifacial rates is at 80%, while Tiger Neo 3. Within the same scenario. As a leading global provider of clean energy services, the Company is committed to using its expertise to solve the society's energy and environmental problems and to address global resource scarcity and climate change mitigation by providing a constant flow of clean energy to the society.

Jin ao Solar Power Generation

Jing'ao Technology Project Settled in Dongtai, Jiangsu--Seetao

The project is invested and constructed by Jing'ao Group, with a total investment of 10 billion yuan planned. New projects such as 10GW high-efficiency batteries, 10GW high-efficiency modules, ...

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Jinko Solar-Tiger Neo

The key technology determines the maximum efficiency.
