

# Kingston Off-Grid Solar Containers Ultra-High Efficiency

**TAX FREE**

## Product Model

HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

## Dimensions

1600\*1280\*2200mm  
1600\*1200\*2000mm

## Rated Battery Capacity

215KWH/115KWH

## Battery Cooling Method

Air Cooled/Liquid Cooled

## Overview

---

Our foldable solar containers combine advanced photovoltaic technology with modular container design, delivering rapid-deployment, off-grid renewable energy with industry-leading efficiency. MEOX hybrid Off Grid Container Power Systems, built on the core framework of hybrid solar container systems for remote areas, combine DC coupling, VSG grid-forming, and intelligent. Shipping containers can be converted into solar-powered, self-sufficient homes, ideal for off-grid living and. battery/supercapacitor storage and a novel ten-switch es while satisfying the growing global demand for energy [1, 2]. These systems are highly regarded among renewable energy technologies for their vehicle as efficient energy utilization without the need for storage. Among the most scalable and innovative solutions are containerized solar battery storage units, which integrate power generation, storage, and management into a single, ready-to-deploy. Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators—engineered for the places where conventional infrastructure can't reach, and built for those who refuse to compromise on reliability.
