

Latest hybrid outdoor telecom cabinet for community use

Overview

This Hybrid Outdoor Telecom Enclosure is a fully integrated, weatherproof cabinet designed to house telecom power systems, batteries, and network equipment in outdoor environments. Featuring a robust steel structure with IP-rated protection, it ensures reliable operation against dust, rain, heat. Available in different configurations, Delta OutD cabinets are designed to protect equipment from external threats in all climates from the tropics to the arctic. In addition to traditional cooling methods, Delta's new hybrid cooling options revolutionize the cost structure of thermal management. Westell is a collaborative partner in OSP deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. A power cabinet is the main part of hybrid power systems. It helps energy move smoothly and reliably. It also controls power use well, even in tough situations.
