

Modular battery cabinets for charging stations rack-mount type direct sales

Overview

Eram Power Electronics Company designs and builds custom DC enclosures for battery systems and/or chargers. A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. Check each product page for other buying options. Discover more about the small businesses partnering with Amazon and Amazon's commitment to empowering them. The SRB2 Battery Cabinet is an outdoor-rated enclosure that can hold up to 2x SR5K-UL battery. CellBlock's battery charging racks were designed to accommodate e-bike batteries and to safely suppress fires and halt propagation in the event of a thermal runaway. Built with LiFePO4 or NMC cells, they offer 5-10kWh per module, 80-95% efficiency, and compatibility with 48V/72V station architectures.
