Overview

Ref: 420THRU-DAS-DH108NA420Bifacial Double Glass Module (Black Thru) DAS-DH108NA Download Datasheet here Key Features High Efficiency Leading module efficiency in industry, up to 22.3% Excellent Appearance and Performance Bifacial solar cell, symmetrical design, low risk of. ranty 30 years linear warr %.) From the 2nd year: Ma lass ation instructions and the warranty conditions must be followed. When si . Module adopts 182*199mm half cells, bifacialmodule provide an additional 5%~25% output. Mechanical load tests including wind load 2400 Pa and snow load 5400 Pa done by TÜV. Interest in N-type bifacial modules has rapidly increased due to their ability to generate more power than conventional P-type bifacial thanks to their higher bifacial factor, lower degradation, lower temperature coefficient in addition more energy density and power class. Our fully traceable supply chain ensures transparency and quality, while our low debt-to-asset ratio demonstrates financial stability. With extensive accreditations including ISO, IEC, and TÜV certifications. Unlock superior solar performance with the JA Solar 605W N-Type Bifacial Double Glass Solar Panel.

N-type bifacial double-glass battery module

EVO 5R 620-630W N Type TOPCon Bifacial

Bifacial with Double-Glass Module adopts 182*199mm half cells, bifacial module provide an additional 5%~25% output.
