

Ovo solar system battery

✓ IP65/IP55 OUTDOOR CABINET

✓ OUTDOOR MODULE CABINET

✓ OUTDOOR ENERGY STORAGE CABINET

✓ 19 INCH

Overview

Ovo home energy storage is a battery for your home. Its innovative design allows it to reuse the renewable energy that would otherwise be wasted by your household or business, so you can enjoy cleaner, cheaper, and greener. Is it worth getting a solar storage battery with my solar panels?

Solar panels are a smart way to cut energy costs and reduce your carbon footprint. Solar panels are also relatively easy to install, compared to wind turbines. Selecting the right solar panel and battery systems for your home is crucial for efficiency, sustainability, and long-term savings. It uses our smart charging technology to allow us to top up your battery when your solar panels aren't generating enough electricity from the sun. What are the benefits?

We'll charge your battery when the sun isn't shining, at an exclusive rate of 10p. Quick Answer: Ovo Energy offers Australian homeowners unique tariff windows— free power between 11 am–2 pm and ultra-cheap overnight rates at just 8c/kWh. Pairing this with a quality solar battery allows you to charge for free, offset expensive evening usage, and significantly reduce your annual.
