

Payment Method for Two-Way Charging of IP55 Outdoor Solar Cabinet

Overview

Q:What is the payment method?

A:We normally require a T/T advance payment. 30% deposit and 70% before shipping. Q:Can we customize product?

A:YES. Shipping fee and delivery date to be negotiated. The Lithium ion battery system provide a high value/efficiency, innovative, long life and reliable solution to be used for energy storage in commercial and industrial applications. The commercial and industrial (C & I) system integrates core parts such as the battery units, PCS, fire extinguishing system. Backup power: Supply power to the load when the power grid is out of power, or use as backup power in off-grid areas. Optimizing the use of renewable energy: Maximize. AZE's lithium battery energy storage system (BESS) is a complete system design with features like high energy density, battery management, multi-level safety protection, an outdoor cabinet with a modular design. Stationary power storage systems have experienced strong growth in recent years. Featuring an IP55/IP65-rated enclosure, it offers excellent resistance to water, dust, and corrosion, making it ideal for solar. AZE 42RU 750mm Wide x 750mm Deep OUTDOOR Battery Cabinet with AC1500W Air Conditioner Mounted on the Front Door IP55 Rated|Grey AZE's Outdoor Battery Cabinet with Air Conditioner (with sandwich panel double-wall structure design) is designed to house a variety of batteries, they provide protection.
