Overview

Construction is set to begin this year and finish by 2028. The facility will produce 15 GWh of lithium batteries. LuxOEnergy is a local Portuguese manufacturer in the battery industry with a factory investment of €5 million. Producing lithium batteries and flexible photovoltaic modules, LuxOEnergy occupies the facility formerly used by Moura Fábrica Solar (MFS) which closed in January 2019. Additionally, the company's focus on developing smart mobility solutions includes EV charging equipment, indicating a commitment to innovative energy management. For battery manufacturers in specific European countries, you can refer to: Industry. In the era of decarbonisation of world economies, Portugal intends to create a lithium and battery manufacturing industry in the border areas between Portugal and Spain, in order to meet the growing demand for batteries for electric vehicles.
