

Product Quality of 5MWh Photovoltaic Energy Storage Battery Cabinet

Overview

1□ 5MWh Containerized Energy Storage System 2□ Modular design allows convenient installation, saving labor cost. 3□ Extendable-modular, adding more capacities as needed, Nx5MWh. 4□ Safest LiFePO₄ technology, sustained power supply. 5□ Long lifespan, up to 6000 cycles. Featuring liquid-cooled 314Ah cells, it offers scalable capacity, intelligent thermal management, and advanced fire protection within a compact. CPS is excited to launch the new 5 MWh battery energy storage system for the North American market. The battery system is a containerized solution that integrates 12 racks of LFP batteries and offers a high energy density for utility applications. 499kWh, and the nominal voltage is 332. Each rack of batteries consists of 4 modules.

Product Quality of 5MWh Photovoltaic Energy Storage Battery Cabinet

5MWh Energy Storage System Manufacturer & Supplier , Wenergy

High-quality 5MWh energy storage systems, certified to international standards and trusted in 160+ countries. End-to-end service, from pre-sale consultation to after-sales support.
