

# Rooftop photovoltaic panel price list

## Overview

---

To find the most up-to-date solar panel costs in 2025, we compared research from the U. This chart refers to the average cost range across all common solar system sizes. Your actual cost depends on your home's energy needs, roof characteristics, location and other factors, all of which we'll break down in. Solar panel costs range from \$16,600 to \$20,500 for the average 6. is between \$15,000 and \$25,000 before incentives. This typically translates to about \$2. Residential rooftop PV solar panels cost per watt installed has been dropping and newer technology is enabling a far greater efficiency - that's more solar energy converted into.
