

School uses Peruvian outdoor cabinets wind-resistant type

Overview

Our cabinets are made of Marine Grade HDPE, also called high-density polyethylene. HDPE is a type of plastic that's sustainable, durable and resistant to weather damage. Transform any outdoor space into an innovative and adaptive outdoor learning environment with Alaska Structures® fabric buildings, where every season offers a new classroom experience for students of all ages. Buy Now! Outdoor classrooms are not just learning spaces; they are transformative. When picking outdoor cabinets, the material matters for durability. They don't rust, keep water out, and handle sunlight easily. Season after season, our custom made cabinets and storage solutions stand up to the sun, extreme heat and cold, rain, salt, and wind without compromise.
